Texas 4-H Updates

Texas 4-H Congress is a four-day mock legislative experience for 4-H members in grades 9th to 12th (at the time of the event). During this time, 4-H members assume the roles of legislators, lobbyists, and press corps to gain a first-hand understanding of how the legislative process works. Bills that are written and sponsored by 4-H members focus on issues concerning Texas and Texas youth. These bills are assigned to the appropriate committee, debated in committee meetings, and then on the floor of the House or Senate. If a bill is successful in negotiation and the legislative debate in all three stages, it is delivered to the Governor of Texas 4-H Congress for his or her signature or veto. Copies of all the bills that are signed into law during the Texas 4-H Congress are provided to the Office of the Governor for review. Contact your County Extension Agent for additional information.

Livestock Ambassador Applications are now open! Since the founding of Texas 4-H Livestock Ambassador Program in 2007, a new generation of knowledgeable, well-spoken agriculture advocates has emerged in Texas. Today, the average American is at least three generations removed from the farm, it is essential that the upcoming generation be able to bridge the gap between consumers and farmers. Through collegiate level training combined with hands-on experience, these youth are equipped with the skills and knowledge to serve as educators of their community, youth volunteers, and stewards of the livestock industry.
